Key Actors

Researcher - Individual that may apply for funding, either individually or as part of a group of researchers, through the submission of a research proposal
Reviewer - Actor responsible for reviewing proposals submitted by researchers and releasing the outcome of funding applications
Funder - External entity that provides the funding for initiatives and grants
Administrator - Individual responsible for managing permissions on the platform, as well as managing website analytics

Story ID	Story Name		Priority	Story Points
	brief name of Story	As a <type of user>, I want <goal> so that <reason>.	Ranking of importance from 1 - 21, 1 being the most important	Effort estimation for each story, as a number in the Fibonacci Sequence (min: 2, max (currently): 40)
1	download	As a reviewer/researcher, I want to download or view research documents so I can see research projects easily on my own device in my own time.	1	3
2	notifications	As a general user, I want to receive notifications from my subscribers when they engage with my profile or publish new articles and grant applications so that I can stay up to date with said subscribers.	2	13
3	reviewer opinion	As a reviewer, I want to look through submitted proposals, so that I can compare them and select the most suitable one.	3	3
4	e-mails + messaging	As a general user, I would like to engage directly with other users on the platform through both internal email and instant messaging so that I can keep in contact with other site members easily and efficiently.	4	20
5	user privacy	As a general user I want to be able to choose who can see my profile, and to be able to choose who can contact me through private message so that my profile can be restricted to certain communities/research centres.	5	13
6	user preferences	As a general user I want to be able to customise my settings from both a design and functionality point of view so that I can find the website easier to use based on my preferences.	6	13
7	partners	As a researcher I want to see the SFI's current associated partners on-site, so I can see where outside funding for my research would come from.	7	5
8	history of projects	As a reviewer I would like the ability to view a researcher's history of funded projects (own or other), so I can see what a certain researcher has accomplished previously.	8	8
9	refining search	As a general user, I want to be able to narrow my search options by having the ability to sort items in various ways so I can navigate the site quicker.	9	8
10	languages	As a general user, I want to be able to use the website in multiple languages, so I can read the site in my native language.	10	20
11	analytics	As an admin I would like the ability to view the general analytics of this site, so I can maintain the site knowing useful back end data.	11	40
12	push messages + animations	As a general user, I want to receive push messages when I visit the site, and I would like to interact with animations on the site so I can have a better front end experience.	12	8
				Total Story Points: 154
